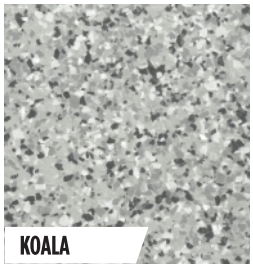
- Resistant to dirt, oil and water
- Easy to Clean and maintain
- Ideal for mismatch surfaces
- High resistance to high traffic
- Cost effective solution for larger areas

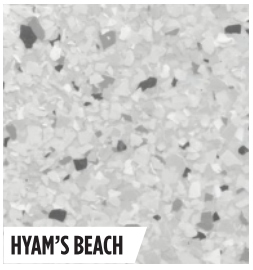
DESIGNER APPLICATIONS

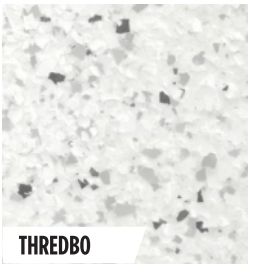
- Garages, man cave, rumpus rooms
- Patios, bathrooms, kitchens
- Retail stores, show rooms, shopping centres
- Warehouse and storage facilities
- Commercial and public amenities
- Sporting Clubs and gyms

STANDARD RANGE

Looking for something traditional, you can't go past the standard blends, they have stood the test of time and are top selling blends used in most applications.

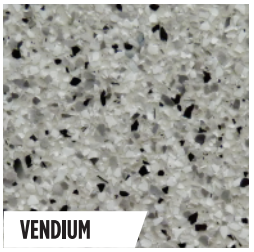






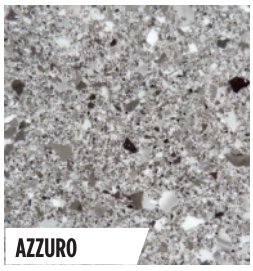
ELEGANT RANGE

If you're looking for a more understated look, you may want to consider one of the latest flakes that have recently become available. The Elegant Range features small, coloured flakes that blend to produce a clean and simple decorative finish without the frills or distractions.



HYBRID STONE RANGE

Granite Stone Flake is a unique and modern type of flake that mimics the look of polished concrete flooring. AFS Hybrid Stone is an excellent choice for those who desire the natural beauty of stone flooring without the associated expenses.



SCIOO HS EPOXY COLOURS

Is 100% solids, untinted, high gloss epoxy which has been designed for Industrial and Commercial applications and is the ideal base coat for Decorative Epoxy Flake applications.
